ANNUAL REPORT OF MINING OPERATIONS

The informational requirements of this form are based on provisions of the Mined Land Reclamation Act, Title 40-8, Utah Code Annotated 1953, as amended, and the General Rules as promulgated under the Utah Minerals Regulatory Program. An operator conducting mining operations under a Notice of Intention must file an annual operations and progress report (FORM MR-AR) with the Division.

I. GENERAL INFORMATION

1. Report Time Period: From (mo./yr.) Apr 1992 To (mo./yr.) Dec 1992
2. DOGM File Number: S / 027 039
3. Mine Name: White Lady and Starfire
4. Mineral(s) Mined: Tested for gold, platinum, silver
5. Legal Description (Location of Lands Affected): See enclosed sheets and maps
____ 1/4, ____ 1/4, Section _____, Township _____, Range _____
____ 1/4, ____ 1/4, Section _____, Township _____, Range _____
____ 1/4, ____ 1/4, Section _____, Township _____, Range _____
6. Name of Operator or Company: Bonanza Minerals
7. Permanent Address: P.O. Box 1191 Delta, Utah
Missard Co. Utah 84624

8. Company Representative (or designated operator):

Name:

Roger Thomas

Title:

Address:

357 W Main St. Washington, Wt.

Phone:

801-628-2765

- ☐ Please check if any of the above information has changed since previous year.

II. MINING AND RECLAMATION

1. Was the mine active during the past year? Yes ☐ No ☒

2. If active, how much ore or mineral was mined? 14 tons of stark jill ore for testing

3. How much new or additional acreage was affected during past year? none

4. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, and volume of material moved.

The surface disturbed, 14 tons of stark jill ore was moved to Richa for testing for minerals. The ore had been mined previously.

5. How much acreage was reclaimed during past year? None - no

although has been disturbed by mining

6. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

The dry grass area was watered near the cabin.

7. What is the total disturbed acreage at years end? _____

8. Briefly summarize mining and reclamation planned for the upcoming year.

If the area is removed from the Wilderness Study Area and if we can find a suitable project, we plan to operate on a small scale, (at least at first)

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. ADDITIONAL INFORMATION

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached.

IV. SIGNATURE REQUIREMENT

I hereby certify that the foregoing is true and correct.

Name (Typed or Print):

Paul Buchanan

Title of Operator:

H. Morris Buchanan P.O.
